Compliance management software

Risk Wizard's **new** fully web based compliance system, RELIANCE, makes sure your organisation meets its regulatory, contract, project, environmental, community and internal obligations as and when they fall due.

The system is very user friendly, flexible, and scalable enabling enterprise-wide compliance. Equally suited to supporting single or multiple users our unique features ensure active staff involvement at all levels.

The compliance system can be used independently or integrated with other RELIANCE products to suit your organisation. They work together seamlessly and streamline your governance activities, saving you time and money.

Why Risk Wizard?
